Product description

Based on the Fyfe Apartaments building in Detroit, Fyfe Magnetower is the first from our range of 28-35mm skyscrapers that are easy to store and transport thanks to the use of rare earth magnets.

Use two exterior ledges as a vantage points for your superheroes or as a sniper's nest and take the fight to the rooftop thanks to two separate accessible doorways.

The building comes unassembled and unpainted. 28mm scale miniature used for scale purposes only.

40 rare earth magnets (36 to use in the model and 4 spares) are included with the kit.

Assembly instructions available in the "Downloads" tab.

Dimensions (assembled): H: 640mm, L: 220mm (280mm with ledges), W: 220mm (280mm with ledges).
